AdDaptive Intelligence is the leading provider of Account-Based Marketing and B2B intelligence. AdDaptive’s proprietary technology bridges offline and online data, optimizes ad campaigns, and provides transparent B2B analytics to help clients reach the accounts and decision-makers that matter most. The result is the industry’s most accurate B2B targeting solution. For more information, visit [www.addaptive.com](http://www.addaptive.com) or follow AdDaptive Intelligence on [LinkedIn](http://www.linkedin.com), [Twitter](http://www.twitter.com), or [Facebook](http://www.facebook.com).

**MISSION**

*AdDaptive’s mission is to connect B2B advertisers to their customers at scale with superior accuracy.*

We see several opportunities in the B2B advertising industry: improve reporting and transparency, eliminate black-box third-party data, increase scale, and enhance service. With accurate data, intelligent technology, and an expert team, we create innovative digital advertising solutions for the world’s biggest B2B brands by reaching the accounts that matter the most with efficiency, precision and scale. Our focus on procuring the best technology, data, and expertise in the industry makes us a trusted partner and fuels long-term relationships with our valued clients.

**VISION**

*People and technology working together to solve B2B advertising’s most pressing challenges.*

When we look at the future, we see a world where people and technology work together to reach new heights not previously possible. This mindset impacts everything we do, from gathering and analyzing data and driving advertising goals to providing world-class service to our clients. We’ve built the best team in the industry to work alongside the best technology, and the right balance of the two is how we’re able to provide the best outcomes in the market.

The pillars of our vision are as follows:

- We challenge ourselves to grow and improve our skills, knowledge, perspectives, and capabilities, in a never-ending journey toward excellence.
- We aim to diversify our cultural insights and widen our collective range of experiences, fostering a brave space for employees’ voices to be heard.
- We leverage our strengths to fulfill market needs with cutting-edge technology and innovation.
- We view our clients as teammates that inspire us to do better, work smarter, and reach goals more efficiently.
- We are greater than the sum of our parts. When we align our efforts toward a shared goal, we can work together to achieve the unthinkable.

**VALUES**

*AdDaptive’s core values are:*
### TECHNOLOGY TO POWER RESULTS

- **Traditional Targeting**
  Advertisers have commonly identified their customers through third-party cookie data.

- **Modern Insights**
  Validated offline data provides more accurate insights that allow you to find more people who are more likely to buy.

- **Data Mapping**
  When reliable data is mapped to digital identifiers, targeting can be highly specific at scale.

- **Real-Time Analysis**
  We analyzed over 50 billion data points every day including ad serving data, geolocation data, mobile signals, and more.

- **Results**
  Our data is updated in real-time to ensure you have the most accurate data to better inform your targeting, generate best results, and minimize wasted spend.

AdDaptive’s B2B Targeting is an accurate way to reach key accounts and business decision makers. This solution allows us to reach your target companies at the rooftop level and focus on the specific accounts you want to engage.

Build a list of business targets in AdDaptive’s Platform or bring your own pipeline. AdDaptive’s Platform allows you to use precise firmographics, such as company names, employee size, revenue and industry, to reach any business from a sole proprietor to the Fortune 100.

**B2B ONLINE AND OFFLINE TARGETING**
AdDaptive has partnered with industry leading offline data partners to provide B2B marketers with the most powerful targeting and measurement solutions in the industry. Our offline data is highly accurate, deterministic, and trustworthy. Combined with AdDaptive’s state of the art technology, this is an invaluable opportunity for B2B marketers.

AdDaptive’s B2B IP Targeting reaches key influencers at your target accounts online, then matches unique, digital, B2B identifiers with validated, offline data for the most comprehensive picture of your audience. AdDaptive’s powerful technology strengthens this approach by creating accurate audience segments from verified data for superior business targeting.

**B2B ABM**
Upload and target your account lists in one centralized Platform. Do you know which companies you want to target, but don’t have the account data? Our Platform allows you to select the attributes of the businesses and decision makers you want to reach to create an ABM list and get started instantly.

By onboarding your own data and building new custom audiences you can amplify the effectiveness of your marketing campaigns and deliver better customer experiences, achieving a higher return on your marketing budget.

**Transparency**
Using ABM to fuel B2B digital advertising, AdDaptive identifies your target accounts, optimizes your advertising campaigns toward your goals, and provides transparent firmographic reporting.

**Engage**
Leveraging an ABM approach makes your data actionable, allowing you to learn how best to target your ideal accounts. In turn, this increases the likelihood that your marketing will resonate with your target audience.

**Strategize**
Analytics from ABM campaigns provide meaningful insights that support the optimization of future campaigns; the result is improved engagement among your intended businesses and higher returns on your marketing budget.
DISPLAY ADVERTISING
Display advertising is an integral part of a successful B2B marketing campaign. It can permeate every aspect of the funnel, with the potential to provide brand awareness and complement lead generation - depending on your campaign goals. Best of all, AdDaptive’s display advertising is measurable and can move forward your overall business goals.

With an engaging creative, a specific audience segment, and the ability to scale business targeting, an effective advertising campaign can increase valuable touchpoints with key accounts. AdDaptive’s powerful technology allows your ads to reach your target audience with a more scalable, accurate solution that bridges data gaps and maximizes ROI.

B2B SPONSORED CONTENT
Use AdDaptive’s B2B Sponsored Content to amplify your content through native advertising. AdDaptive’s technology places your content among premium inventory and provides comprehensive firmographic reporting, illustrating which companies see your B2B Sponsored Content and how their interactions fuel your business goals. AdDaptive’s more detailed insights, greater scale, and lower price make it the smarter, cost-effective choice.

**Transparency**
AdDaptive’s firmographic reporting removes guesswork from campaign analysis and expands beyond walled gardens.

**Scale**
Our technology delivers ads to job titles at over 24 million businesses achieving specificity of niche B2B targeting at scale.

**Efficiency**
Depending on the campaign targeting and goals, AdDaptive’s CPM for B2B Sponsored Content is on average 10% less than competitors who access the same ad inventory.

VIDEO ADVERTISING
Strategically place your ad in a :15 or :30 second video format inside a banner placement to reach your intended audience at scale.

Take a multi-channel strategy by pairing video ads with Display and distribute resources across multiple avenues to reach your B2B audience effectively. Utilizing AdDaptive’s video advertising solution will enable you to draw dynamic attention to your campaign and engage your audience at every step throughout the customer journey.
**PRODUCTS**

**B2B CONNECTED TV (CTV)**
Leverage AdDaptive’s programmatic B2B CTV solution to achieve brand awareness and engagement in a digital-first environment. AdDaptive’s B2B CTV Solution promotes your brand through accurate B2B targeting informed by validated online and offline data. Successful CTV campaigns leverage premium inventory to target viewers as part of an integrated digital marketing strategy. By promoting your brand to an audience that is already digitally engaged, you are creating a well-rounded B2B advertising plan. Combining CTV with other media types diversifies your offering by utilizing a low-risk strategy and ensures that all touchpoints are being reached to achieve maximum effectiveness of the campaign.

**AUDIO ADVERTISING**
Add B2B audio marketing capabilities to your campaign to send a more personalized message. Achieve a high customer engagement rate by supplementing programmatic audio with Display, Video, B2B Sponsored Content, or CTV by reaching and tracking B2B audio listeners across multiple devices. A cross-channel targeting strategy will amplify your advertising campaign and provide you with the most comprehensive way of reaching your business audience.

**PRE-CAMPAIGN B2B ANALYTICS**
Know more about your audience before launching your campaign. AdDaptive’s pre-campaign analytics report provides valuable insights that allow you to evaluate how your targeting list stacks up and improve the success of your B2B targeting. All data that meet your criteria will show up in the preview report, including:

- Number of Companies
- Region
- Annual Sales
- Number of Employees
- Years in Business
- Business Sector
- State

**POST-CAMPAIGN B2B ANALYTICS**
AdDaptive’s post-campaign B2B analytics capabilities provide customers with comprehensive firmographic reporting on campaign performance, audience learnings, and recommendations for future optimization and strategy. Explore AdDaptive’s data and strategic insights to make decisions for the rest of the consumer journey, fueling revenue drivers and yielding a higher return in future advertising endeavors. Walk away knowing more about your audience, your strategy, and your performance, including context, meaning, and actionable next steps.
CASE STUDIES:
PROOF OF OUR TECHNOLOGY’S POWER

1. AdDaptive’s offline data targeting drives high engagement among decision-makers for top retail brand across multiple verticals, reaching over 249,000 businesses

**Goals**
An online retailer for business cards turned to AdDaptive to craft a custom-built audience segment using AdDaptive’s audience builder tool. They aimed to deliver their ads to relevant decision-makers and drive engagement among their target audience.

**Solution**
Using proprietary offline validated data, AdDaptive customized B2B targeting segments to reach businesses in retail, real estate, architecture, law, technology, creative, and marketing. Additionally, job title data was layered on top to reach decision-makers at over 249,000 unique organizations.

**Results**
During the 2-month campaign, the client saw a significant number of engagements on their website. In fact, the client hit its goal number of clicks, but subsequent engagements exceeded that number by 350%: AdDaptive’s B2B analytics report showed that after clicking on the ad, about 2,000 unique organizations returned to the advertiser’s site organically and re-engaged with the brand directly, demonstrating the effectiveness of AdDaptive’s B2B advertising solution in targeting the right accounts and achieving customers’ business goals.

2. AdDaptive’s technology aids hospitality company in surpassing CTR and conversion goals among niche audience

**Goals**
A business solutions company aimed to target the hospitality service with a goal of their ads reaching hotel GMs. The brand’s goal was to achieve 5,000 conversions in three months.

**Solution**
AdDaptive’s validated offline data contributed to a comprehensive strategy in which NAICS codes and title overlay refined the company’s audience segment and delivered their ads to the intended recipients successfully.

**Results**
In three months, AdDaptive delivered 3.2 million impressions, achieving a 0.11% CTR and driving 8,457 conversions. Exceeding the conversion goal dramatically among a niche audience inspired the brand to develop a long-term relationship with AdDaptive, a testament to their effective optimization.
3. Pharmaceutical company sees audience growth and conversion success by leveraging AdDaptive’s ABM technology to support new product launch

**Goals**
A pharmaceutical company turned to AdDaptive to bring a new chemotherapy product to market. In turn, they intended to expand their customer base surrounding their new offerings.

**Solution**
AdDaptive utilized account-based marketing (ABM) to actively engage 64 hospitals and medical offices within the defined geography. Additional job title data was layered to target oncologists and chemotherapists within the intended medical facilities.

**Results**
Within a month, the campaign yielded over 4 million impressions, 35 conversions and 675 clicks, with a 0.02% CTR rate. Leveraging AdDaptive’s proprietary ABM technology as part of the customer’s go-to-market strategy yielded a successful product launch. The client was pleased to see over 37% growth in filled scripts after the launch, illustrating AdDaptive’s ability to accurately reach the intended accounts and support companies’ business goals.

4. AdDaptive combines B2B Sponsored Content and display ads to yield above-average CTR among a niche transportation audience for a leading insurance company

**Goals**
A leading insurance company aimed to achieve success in promoting their brand among a niche trucking audience. They employed AdDaptive to provide a strategic targeting solution that would aid in reaching their B2B goal to increase awareness and audience engagement, particularly as measured by CTR.

**Solution**
To maximize CTR, AdDaptive recommended complementing display advertising with B2B Sponsored Content, thus adding native advertising to their strategy and increasing audience touchpoints. During the campaign, AdDaptive continuously refined the data segments to reach appropriate businesses and leveraged AdDaptive’s real-time B2B analytics for maximum optimization.

**Results**
The combination of B2B Sponsored Content and display advertising yielded over 2 million total impressions as well as above-average CTRs (0.20% and 0.15%, respectively). AdDaptive’s targeting solution, paired with the strategy of combining media types to increase the advertiser’s touchpoints with their customers, led to a strong campaign that brought the brand closer to their target audience.
CASE STUDIES: PROOF OF OUR TECHNOLOGY’S POWER

How AdDaptive Helped Initiative and Cox Business Succeed By Bridging Online and Offline Data

Initiative employed AdDaptive to leverage their Account-Based Marketing (ABM) approach to B2B digital advertising on Cox Business’s behalf.

By understanding Cox Business’s KPIs, learning about the target audience, and working with Initiative to craft the best strategy to use the available data, AdDaptive was able to achieve the campaign goals and inspire long-term relationships. Beyond this one campaign, AdDaptive’s unique use of data matched with their powerful, intelligent technology informed future campaigns and business goals and refined the end user’s target audience, providing valuable insights and strategic recommendations that make an impact on ad campaigns as well as the overall business operations.

AdDaptive, CommCreative, and Onapsis Reach B2B Advertising Success

Leading software provider Onapsis surpasses CTR benchmarks and achieves B2B advertising success with CommCreative through AdDaptive’s Account-Based Marketing (ABM) solution.

Onapsis, a pioneer in the cybersecurity industry, achieved B2B advertising success by leveraging AdDaptive’s Account-Based Marketing solution. CommCreative and AdDaptive constructed a custom strategy enabling the software company to deliver their message to a niche B2B audience with pinpoint precision and achieve a high conversion rate through service upgrades. With unique, validated business data paired with AdDaptive’s proprietary technology and CommCreative’s strategy, the advertising campaign drove Onapsis to achieve their business goals and deepened the brand-agency-vendor partnership across the board.
