

ADDAPTIVE'S B2B CTV SOLUTION AT A GLANCE

*Reach B2B users programmatically through
Connected TVs and streaming apps*

What is CTV?

Connected TV (CTV) refers to any TV (or any device using television as a display) that can be connected to the internet to access content beyond typical offerings from cable providers.

Through OTT capabilities and internet connections, advertisers can deliver ads programmatically on connected TVs using intelligent B2B IP targeting methods and validated data sources.
